

Eng. Haris Giatsos

NMDC Infra CEO

Haris Giatsos is the Chief Executive Officer of NMDC Infra, a position he has held since March 2025. He brings over three decades of executive leadership experience in the engineering, procurement, and construction (EPC) sector, with a proven track record of delivering complex, heavy large-scale projects across infrastructure, energy, oil & gas, and marine sectors, exceeding USD 10 billion in value.

Before joining NMDC Group, Mr. Giatsos served as Chief Executive Officer of the Engineering and Construction Cluster at Rezayat Group, where he led multiple business units and managed significant revenue streams and project portfolios. His extensive career includes senior leadership roles such as Chief Operating Officer at Al Gihaz Holding and Regional Director positions at Archirodon Group and Athena SA.

He is widely recognized for his strategic vision, strong governance, and ability to lead high-performing, multicultural teams while fostering long-term client relationships and driving sustainable growth. Mr. Giatsos holds a Bachelor of Engineering in Civil Engineering from the University of Birmingham and has completed MBA Essentials at the London School of Economics.
